FAQ'S

- **Is any AV included as standard for room hire bookings?** Yes, we include a data projector & screen or plasma screen, PA system with up to 3 microphones, Wi-Fi and flipchart with pens. Note: this includes each breakout room.
- **Will I require a dedicated technician?** We advise hiring a technician if you will be using more than 3 microphones during your event.
- **Do you have an induction loop?** Yes, we have an induction loop in our Great Hall, Council Chamber, Paget Room, Snow Room, Courtyard Suite, Worcester Room, Harvey Room, Bevan Suite and Aldrich-Blake Room
- **What phase power do you have?** 3 phase
- **What is the speed of your Wi-Fi?** Up to 200Mbps download and 200Mbps upload. Note: this is a shared resource so if a dedicated bandwidth is required, please ask your event planner.
- **Should I send my presentation to my AV technician prior to my event?** No, please bring this with you on the day and allow some time to discuss with your technician.
- **Can I bring an Apple MAC to use with your projectors?** Yes, however you will need to bring your own adapter cables.
- **Can I bring my own laptop?** Yes. Please ensure this is running on Windows 7 or above. Unfortunately, we are unable to connect Windows XP to our system.
- **Do you have wireless connection from laptop to projector?** In some rooms we have Barco ClickShare which wirelessly connects your laptop to our projector. We have this in the Great Hall,, Murrell Room, Anderson Room and Worcester Room
