

Euston venues 2021

Welcome to Euston Venues 2021 Partnership: We invite you to see and explore three independent and exciting venues in central London with strong links to medicine and health. We have come together to support our clients in the local area and beyond with their meeting needs and by showing how coming together we can achieve more.

For almost 100 years, BMA House has sat in the heart of London. Designed by Sir Edwin Lutyens – arguably the greatest British architect of the twentieth century – and opened by King George V, our remarkable, Grade II listed building makes today's special occasions all the more spectacular. Whether it's a conference, social event or wedding, we have a true history of hospitality.
