Welcome to BMA House

For any enquiries, please contact the Events Team by pressing the corresponding button on the phone

In case of a fire

If the fire alarm sounds – a continuous electronic bell – you must evacuate the building via the nearest route.

– All exits are clearly marked.

– Fire wardens will direct you towards the best exit route from the courtyard.

– Lifts must **not** be used.

– Please make sure you take your badge with you as it will be checked on re-entry.

– Every **Monday at 11:00hrs** there is a fire alarm test. This will involve the alarm ringing for a few seconds. **Do not evacuate, it is a test only**.

Housekeeping

– BMA House and outside space, including the courtyard, garden and car park is non-smoking and vaping.

– Keep all valuables with you at all times. The BMA does not accept responsibility for items brought into the property.

– No filming or photography is permitted without prior agreement.

– Please do not attach items to walls. Poster boards are available on request.

– Please do not block fire exits.
