# Testimonials

*The Courtyard and Courtyard Garden at the BMA are hidden gems in London, especially as filming locations. From the initial enquiries to the final shoot day, the events team at the BMA were fantastic. They were clear with their parameters whilst being responsive and patient with our fast paced and ever changing environment in the Film and TV industry. I wouldn't hesitate to offer up BMA House at Tavistock Square as a multi use site for filming again.*

Tom Mellish — Supervising Location Manager (Redeye)

*BMA House at Tavistock Square is a fantastic location with great filming spaces from the courtyard, gardens, offices, events spaces and even a disused bank! From the initial scout to filming the Events team has been incredibly accommodating, responsive and patient as our shoot requirements developed. During filming, their events liaison, on-site security and FM team were superb in assisting our on-the-day requests. I would happily recommend BMA House for filming and/or crowd-basing and hope to return for future projects.*
